Call for Abstracts from Young Neurosurgeons for Oral Clinical Case Presentations

Global invitation for 8 oral case presentations. They should describe clinical cases illustrating the complexity of neurotrauma management in the proposed topics:

- Neurotrauma Care Systems (TBI / SCI)
- Neuromonitoring in Traumatic Brain Injury
- Surgical management of Traumatic Brain Injury
- Neurotrauma Care in Special Populations
- Integral Care in Neurotrauma (Prehospital, ER, ICU, Surgery, Rehabilitation)
- Recent Trends in Neurotrauma (Protocols, Guidelines, Complications, mHealth, Imaging)

WORLD FEDERATION OF
NEUROSURGICAL SOCIETIES

Global Neuro

Residents' corner: we encourage all residents/younger neurosurgeons to submit abstracts according to your region to:

- Europe: rja@russelljandrews.org
- Asia/Pacific: andresrubiano@aol.com
- Latin America / Caribbean: tariqhashimkhan@hotmail.com
- North America: niklas.marklund@med.lu.se
- Africa: iaccarino.corrado@gmail.com

Abstract format: one-page A4, Arial 11, maximum 200 words. Text: brief introduction of the topic, case presentation and its management, conclusion. Two images allowed. All information identifying the patient must be removed. Winners receive a global platform at the Virtual ICRAN and a prize during the Congress. Deadline for abstract submission: **November 12, 2020.**

Oral presentations: up to two abstracts per region will be selected for oral presentation; each one an 8-minute virtual PowerPoint slide presentation, followed by a 2-minute discussion with moderators. Instructions for the connection and time for presentation will be send by the event organizers.

Program & Registration (from 26th October):
